Just like every building in [Forest City](#), Shattuck-St. Mary's Forest City International School is decorated with vertical, open gardens, creating greenery shade and nature friendly beauty.

With professional American education, extraordinary educational resources, situated in an idyllic environment, Shattuck-St. Mary's Forest City International School is one of the top choices due to its incomparable advantages.

### **1. Student Centered Teaching Philosophy**

Creativity is an important and teachable skill for students. Unlike ordinary schools, Shattuck-St. Mary's Forest City International School offers a weCreate<sup>®</sup> program, prioritizing progressive learning methods. The weCreate<sup>®</sup> program helps students pursue their personal interests, such as fashion design, graphic design, music editing and recording, electronics and engineering. It also provides students with professional high-tech equipment, such as digital printers and complex software. Shattuck-St. Mary's Forest City International School provides every student a chance to be creative and successful in his future career.

### **2. Personalized Courses**

Shattuck-St. Mary's Forest City International School built a facility where students can learn everything from digital production and fashion design to robotics, electronics and engineering to create an inspiring environment. These courses are designed to inspire imagination and creativity and make learning fun! Shattuck-St. Mary's Forest City International School is good at tapping students' interests and learning potential. Our teachers focus on each students' individual development and growth.

### **3. Boarding Program mimics real family**

Shattuck-St. Mary's Forest City International School's boarding program imitates a real family home as much as possible. Students are organized into families based on gender, age, and nationality and are supervised by the teaching faculty. These family units help boarding students build their social, personal and academic lives. Boarding students will participate in family gatherings or travel together. Shattuck-St. Mary's Forest City International School provides boarding students with cross-cultural interaction opportunities and prepares students to be leaders while living in an interconnected world.

### **4. The healthy and beautiful studying environment**

Like every building in forest city, Shattuck-St. Mary's Forest City International School has a vertical greenery system. The campus is decorated with courtyard gardens and rooftop gardens, just like the [Forest City community](#). Shattuck-St. Mary's Forest City International School combines a naturally beautiful setting with a technology-driven learning space ecosystem, which enables students to be close to the green of nature while receiving a leading edge education. The school's beautiful learning environment, creates a more relaxed learning atmosphere that fosters creativity and imagination.

### **5. Comprehensive Facilities**

Shattuck-St. Mary's Forest City International School has a two-tier customized weCreate® laboratory, a golf simulation and practice room, an Olympic-sized swimming pool, and a fully equipped dance studio. These facilities provide students with access to diverse learning. Shattuck-St. Mary's Forest City International School also has an independent study hall to study and carry out activities. Besides, Shattuck - St. Mary's Forest City International School is located right next to the Forest City Golf Resort, a 36-hole Jack Nicklaus golf design featuring the classic course, and the legacy course. The newly launched Golf Center of Excellence Program is directed by Coach Fruisen, who has 23 years of teaching experience, aiming to better develop students' life skills beyond theoretical knowledge and practical skills of golf.

Shattuck-St. Mary's Forest City International School is well-equipped, advanced in education, and situated in a beautiful tropical environment. It is the best choice for students to receive education in [Forest City Malaysia](#).
