

Dear Parents,

Malaysia is managing the Pandemic much better these days. The national vaccination program has already begun and the government plans to achieve herd immunity by inoculating over 80% of the population.

The date when Malaysia will open the border to new students from overseas has not been announced, but newly admitted students can begin the application process for a visa. The first step is to apply for an Approval Letter from the Ministry of Education (MOE). Even if your child has one from last year, the Approval Letter must be renewed if your child's passport has expired. Please renew your child's passport at your earliest convenience and send a copy to the school. Then, an application for a Letter of Approval will be submitted to the MOE. Once Immigration opens the border, the school will take the next step and apply for a Permission to Travel to Malaysia. We want to be proactive and be ready to help you enter Malaysia as soon as possible.

Sincerely yours,

Dr. Gregg Maloberti
